

Hello Parents!

Catholic Youth Ministry exists to help nurture and guide the Catholic faith of your teens.

It also exists as a tool to assist YOU (your teen's FIRST and FOREMOST teachers) in raising holy young men and women (at least we TRY our very best to be of assistance!). It most certainly takes a loving and caring community to do so. And it truly is a blessing and an honor to walk with you and your child.

Though our hearts are very full, a youth ministry budget is not. As we hope to do all that we can to provide a happy, safe, active, nourishing, and inspiring program for your young person, we ask for help in certain areas to help make our programming better. In hopes of keeping a low YM fee and offsetting additional costs, we hope for your consideration to help in any of the following areas of SAYM.

Thank you for all you do as incredible and amazing parents of teenagers!

If you are able to help, please check any areas you might be interested in assisting with.
